

COMPACT CAT6A SHIELDED FIELD PLUG 10GBIT/S, 4PPoE

GGM PLUGIT10GS

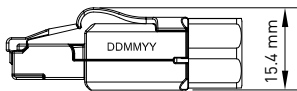

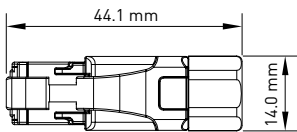

RJ45 CAT6A shielded field plug for solid cable (AWG 23/26).

It allows the simultaneous support of Ethernet protocols up to 10 Gbit/s and remote power supply up to 90 W (IEEE 802.3bt / 4PPoE).

Its toolless termination method offers an easy yet performant solution, while its reduced footprint enables connecting equipment in restricted environments.

The ideal solution for MPTL applications!

MAIN FEATURES

- ▶ Class EA, 10G/bits
- ▶ 4PPoE
- ▶ Shielded, STP
- ▶ IP20
- ▶ AWG23/1 - AWG26/1
- ▶ Max. cable O.D.: 8 mm
- ▶ Toolless termination
- ▶ 44.1 mm deep compact design
