

NVR IP RECORDER

GGM NVR0208

8 CAM H264 H265 2 HDD

The NVR **GIGAMEDIA** GGM NVR0208 is an autonomous digital recorder which functions independently from a PC or other operating systems. It is intended to store digital video data from up to 8 IP network cameras. It integrates the new H.265 codec which increases space on the hard disk as well as greater fluidity of bandwidth.
