

**G657A2 9/125µm SCAPC/SCAPC 500 meters cube launch reel, compact cube, protected tails, magnet at the bottom to work free-hands**

**GGM OFLG6SCASCA500**

**Warning !**  
**This picture does not show the exact color**

Launch reels are essential during reflectometry tests. Positioned at the start and end of the link, they allow the input and output connectors to be qualified, and eliminate any reflectometer dead zones. With a cube shaped format, they combine practicality, performance and robustness in order to perform the tests easily.

### Product features

- Ends : Ø 1.8 mm, reinforced with corrugated steel
- Included : Carrying strap, test report
- Integrated magnet : Easy to fix on 19" rack brackets
- Length (mm) : 107
- Fiber type : Singlemode G657A2
- Weight (kg) : 0.4
- Width (mm) : 86

### Article features

- Connectors : Low loss SC/APC
- Fiber length (m) : 500

### ETIM 9 features

- Fibre optic category : Single mode
- Category : OS2
- Length : 500 m
- Connector A : SC
- Connector B : SC
