19'' CABLING WALLMOUNT CABINET IPBOX
GGM COF9U500IP55P

9 U
500 mm depth
Metal door
Grey
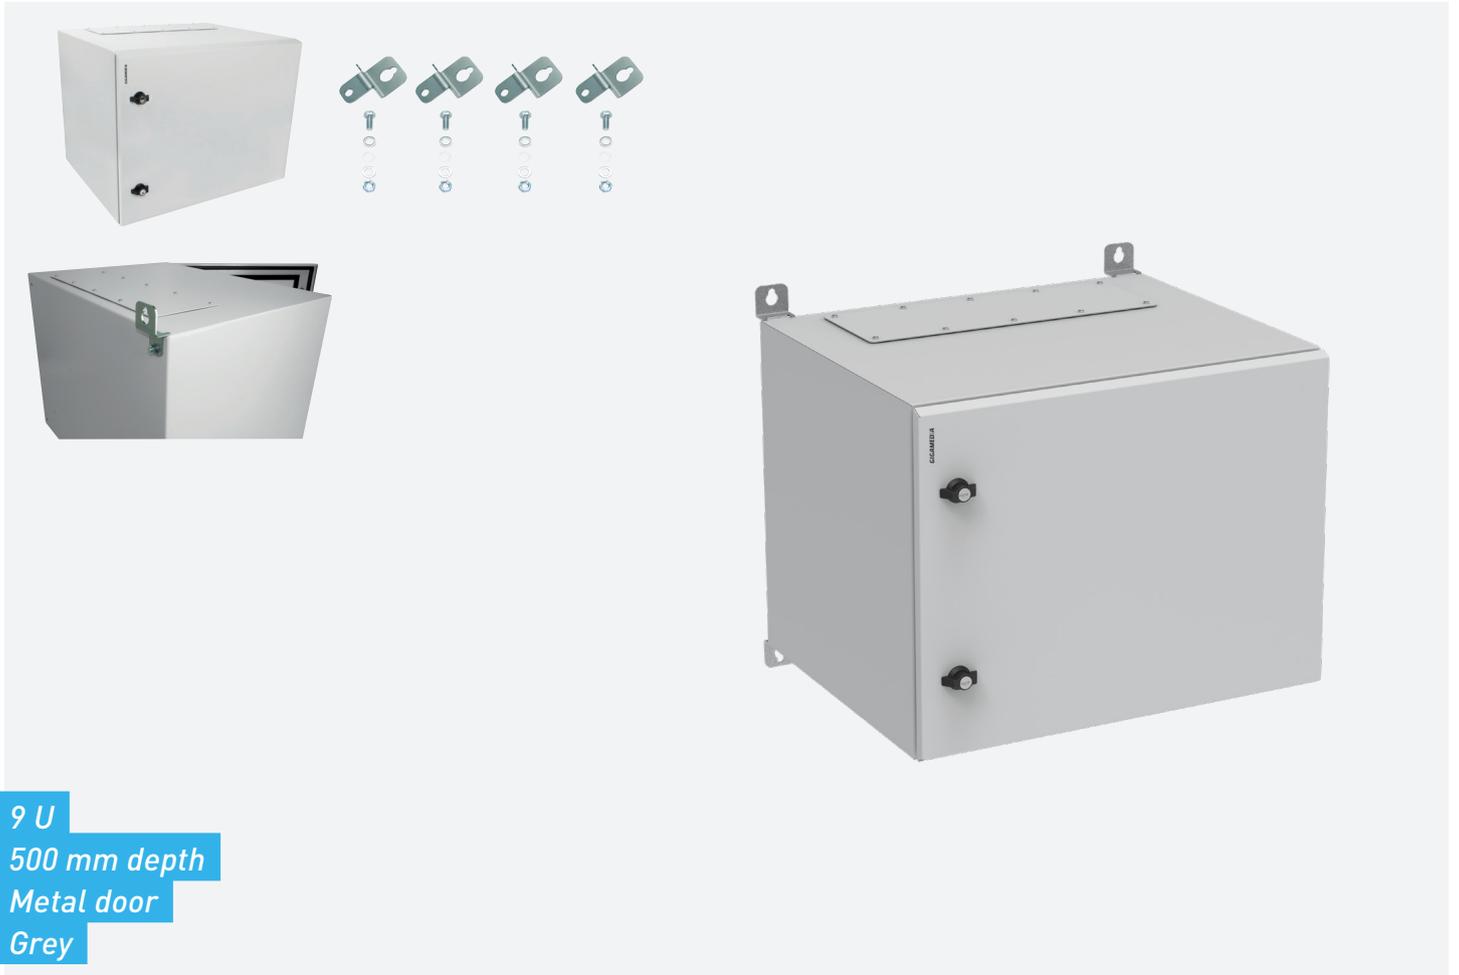

Specially designed to meet (according to classification) the required demands within some premises (Industry, warehouse, car park ...). The IPBOX is characterised by the sealing level it has against dust and water jets from all lance directions, according to the CEI 60529 standard.

▶ Available with securit glass door with steel frame, or with full steel door.
▶ Door with polyurethane hot-poured door seal.
▶ Two locking points to ensure uniform pressure of the door seal on the body of the housing.
▶ ''Butterfly button'' type key locks for better handling ergonomics
▶ Cable gland plates (top and bottom) with hot-poured polyurethane seal, fixing by screws.
▶ Delivered with wall mounting brackets.
▶ A pole mounting bracket is also available (sold separately).

A high quality product, both in design and finish, it will meet with the most stringent requirements.
