

POWER SUPPLY FOR STANDALONE SOLUTIONS

GGM AXP1D52BV1

POWER BOX FOR AXA SERIES

The GGM AXP1D52BV1 power supply box provides an autonomous solution for access control for the GGM AXA range. This product comprises a 12 V DC power supply complete with 2 outlets able to power the central control panel and the locking circuit. It has space for a 12 V DC / 7Ah battery. Its dimensions allow it to be placed in restricted areas. On the front face of the box, there are LEDs allowing to check in the blink of an eye, without opening the box, the power supply status.

FEATURES

Power supply :	220 vac
Power outputs :	2 x 12vdc (1 x 1a and 1 x 4a)
Battery slot :	Yes 12 v dc / 7 ah
12VDC battery input :	Yes
Voltage type of supply voltage :	AC
Max. output current 1 :	2 A
Max. output current 2 :	3 A
Secondary voltage adjustable :	No
Short-circuit-proof :	Yes
Rated supply voltage at AC 50 Hz :	220 - 220
Rated supply voltage at AC 60 Hz :	220 - 220
Rated supply voltage at DC :	220 - 220
Output voltage stabilized :	No
Stabilized :	Yes

Type of electric connection :	Screw connection
Rail mounting possible :	No
Wall mounting possible :	Yes
Modular version :	No
Suitable for safety functions :	Yes
