

UNMANAGED SWITCH 10/100/1000 POE

GGM GS16P

**16 Port
Gigabit
PoE+ (200W)**

The range of **GIGAMEDIA** unmanaged Gigabit PoE switches allow you to extend your network at lower cost while offering increased speed. Available in multiple formats, office or rack mounted, this range of switches is available in 4 to 24 port configurations.

In order to guarantee the reliability that is needed, the unmanaged **GIGAMEDIA** Gigabit switches have been rigorously tested. The high PoE capacity of 65W and 370W allows you to supply all the IP peripherals such as cameras, WiFi access points or IP telephones.

They will be the perfect companion for all your projects going from homes to small businesses.
