

KEYSTONE JACK

GGM 627020000

RJ45 UTP 5E KEYSTONE JACK

The **GIGAMEDIA** Category 5e connector is an RJ45 keystone jack which offers different types of connection:

- ▶ No specific tools
- ▶ Terminal block with self-stripping contacts
- ▶ Each connection method provides quick and easy implementation.

This connector can be installed indifferently in faceplates, boxes and empty **GIGAMEDIA** patch panels.

This connector offers performances better than Category 5e corresponding to standards ISO 11801 and the EIA/TIA on NEXT, ACR, PSNEXT and RETURN LOSS values.

FEATURES
