

SCREEN WITH METAL HOUSING

GGM CCMLCD28PM4K

28"
4K

METAL HDMI VGA DVI DP MONITOR

This 28" screen has a metal housing to resist severe environments. It can display an image of very high quality with 4K (UHD) resolution. It has HDMI/DVI/VGA and DP video inputs allowing the majority of videos to be displayed from video surveillance market. Its reinforced electronics as well as software for protecting the screen from marking enables it to operate 24/7 for your security operations. Its high contrast as well as extra wide viewing angle at 178° allows it to be installed in numerous positions.
