

NVR IP RECORDER

GGM NVR0108PA

8 channels Access range -PoE
H265
4K
1 HDMI 1 VGA 1HDD slot

GIGAMEDIA NVRs provide an excellent ratio price performance for your security projects

The NVR0108PA is an NVR dedicated for small videosurveillance projects. It embeds 8 PoE Ports to power cameras directly at the back.

- ▶ You can integrate 1 Hard drive with 10Tb maximum capacity.
- ▶ You can connect cameras with resolution up to 4K.
- ▶ It supports limited Intelligent functions for pro-active surveillance.

UpNp and P2P protocols helps to configure remote access easily.

GGM VIEW app is available on IOS and Android platforms.

This entry level NVR will suit perfectly for small projects (retail shop, restaurant, home use,...)
