

RJ45 KEYSTONE INLINE COUPLER 8P8C

GGM 6210270U00

Category 6
Female/Female
UTP Unshielded

The unscreened RJ45 couplers allow the connection, using patch cord, of the RJ45 male connectors. They ensure the traditional function of cable extension.

The "keystone" format provides easy mounting on 24 port patch panels (GGM PAN24VK) and also in wall box faceplates and in surface mounted boxes.
