

ANGLED CAT6A SHIELDED FIELD PLUG 10GBIT/S, 4PPoE GGM ANGPLUG10G

GGM PLUG10GS
slim version
also available

Angled RJ45 CAT6A shielded field plug for solid cable (AWG 23/26).

It allows the simultaneous support of Ethernet protocols up to 10 Gbit/s and remote power supply up to 90 W (IEEE 802.3bt / 4PPoE).

Its angled format makes it easy to connect equipment in confined spaces, and its method of assembly in 4 different positions / orientations makes it a flexible solution, suitable for different configurations.

The ideal solution for MPTL applications!

MAIN FEATURES

- ▶ Class EA, 10G/bits
- ▶ 4PPoE
- ▶ Shielded, STP
- ▶ IP20
- ▶ For AWG 22/1 - AWG 26/1 solid cables & AWG 26/7 stranded cables
- ▶ Max. cable O.D.: 8 mm
- ▶ Toolless termination
- ▶ 45.5 mm deep compact design
