

PATCH CORD CAT6A SFTP OUTDOOR PE GGM CAT6ASF15MPE

Outdoor Use
Black PE Jacket
15 m

Outdoor Cat6A S/FTP RJ45 Patch cords with polyethylene (PE) are designed for outdoor use, providing reliable and fast network connectivity for outdoor applications.

These cables are built to withstand outdoor environmental conditions such as moisture, extreme temperatures, and UV rays, ensuring optimal performance even in challenging environments.

Available in CAT6A S/FTP AWG27 from 5 m to 30 m, black outer jacket color

FEATURES

Category :	6A (IEC)
Shield type :	S/FTP
AWG :	27/7
Gold plating :	50 µm
NVP :	78 %
Conector Type :	RJ45
Compliant with :	ANSI/TIA/EIA-568.2-D ; EN 50173, ISO/IEC 11801
Applications :	IEEE 802.3 : 10GBase-T; 5GBase-T; 2.5GBase-T; 1000Base-T; 100Base-T; 10Base-T IEEE 802.3af/at/bt (PoE/PoE+/4PPoE)
Jacket colour :	Black
Boot :	Moulded-on
Snagless :	Yes
Boot colour :	Black
Fire retardant :	No
Zero halogen :	No
Oil resistant :	No
Wire scheme :	Straight
Outer diameter :	5,7 mm
Length :	15 m
