

14-slot Media Converters 19" (2U) Rackmount Chassis

GGM 714

The GGM 714 media converter is a 19" empty rack mount chassis able to accept up to 14 media converters. To integrate the converters into the chassis, the metallic cover of each media converter in the chassis must be lifted. Compatible with the following converters: GGM 742MCV2 GGM 843MCV2 GGM 840SFP

Article features

- Compatibility with Media converters : GGM 742MCV2 - GGM 843MCV2 - GGM 840SFP
- Hot pluggable converter : Yes
- Number of power supplies : 2
- Output current : 1
- Output voltage (V) : 5
- Output voltage type : Cd
- Storage Temperature (°C) : -20 - 85
- Operating temperature range : From 0°C to 50°C

ETIM 10 features

- Ethernet : No
- Fast Ethernet : No
- Gigabit Ethernet : No
- Power over Ethernet : No
- Voltage type (supply voltage) : DC
- Supply voltage AC 50 Hz : 100 - 265
- Supply voltage AC 60 Hz : 100 - 265
- Supply voltage DC : 00 - 00
- Suitable for 19 inch mounting : Yes
- Wall mounting/direct mounting : No
- Suitable for rail mounting : No
- Managed : No
- Construction type : Empty chassis
- Height : 90 mm
- Width : 430 mm
- Depth : 245 mm
