GGM IPST6VM2DLB

The IPST6VM2DLB is a turret camera with a resolution of 6MP.

Its 2.8-12mm lens allows you to adapt its angle of view to the scene you want to see.

It has an infrared of up to 50m and white led lighting of up to 30m. The choice of lighting mode is configurable.

This camera has many smart analysis functions such as:

- Line crossing detection and zone intrusion with classification of people and vehicles.
- Triggering alarms on abandoned/lost object detection.

Equipped with a built-in microphone, you can allow remote audio verification or be alerted in case of abnormal sound.

It also includes an audio input to connect an external speaker.

This camera has a micro SD card slot that can support a maximum capacity of 256 GB.

The 120 dB WDR helps to provide perfect image quality in all light conditions.

Thanks to its IP67 rating, you can install it outdoors.

You can power the camera with 12V or PoE.

This camera is ONVIF and NDAA compliant.

This high-performance camera from the "Standard" series is ideal for site security projects, in the tertiary sector, retail, administrative buildings, etc.
