G657A2 2 fibre drop Cable semi-preconnected SC/APC mounted in 4 fibre PTO / DTIO - 50 m

GGM DTIO2F50M

Pre-connected drop cables with FAT (Fibre Access Terminal) or OTO (Optical Terminal Outlet) Composed of 1, 2 or 4 fibres connected directly in Sc/APC inside a terminal outlet, they ensure rapid and safe installation of the link from the subscriber distribution box to the floor or building box. Stapling and door passages (at an angle) are made possible thanks to an adapted design and the integration of fibres with a small radius of curvature (G657A2).

Product features

- AVCP System : AVCP3
- Cable color : White
- DTIO mounting : DIN Rail or wall mounting
- Euroclass short : Dca
- Other configurations : On demand
- RAL : 9016
- Adapter : SC/APC with shutter
- Fiber type : G657A singlemode with small bending radius

Article features

- Length (m) : 50
- Marking : Meter (xxxx m) GIGAMEDIA 2FO G657A2 LSZH Dca-s1a d0 a1 DROP004 SUB week/year

ETIM 10 features

- Surface mounting : Yes
- Flush-mounted installation : No
- Duct installation : No
- Floor box/subfloor mounted : Yes
- Type of fastening : Engage (snap)
- Number of couplers : 2
- Type of connector : SC

- Colour : White
- RAL-number : 9010
- Centre plate : No
- With cover frame : Yes
- With label space : Yes
- With strain relief : Yes
- Wire stock : Yes
- Outlet direction : Downwards
- Dust protection cap : Shutter
- Device width : 80 mm
- Device depth : 28 mm
- Device height : 80 mm
