1U panel 24 ports equipped with 24 RJ45 category 6 tool free unscreened jacks white

GGM PANC6U24P

From a completely modular design, the GIGAMEDIA range of panels offers an economic solution and very competitive cost/port ratio. It has possibility for markings and identification. Ready to accept a substantial number of active links, they are robust, have a rear support plate and thus guarantee reliability when mounted in a 19" environment.
